June 22, 2008

FOR IMMEDIATE RELEASE

SRP REPRESENTATIVE TO ADDRESS CITIZENS WATER GROUP

Greg Kornrumph, Salt River Project (SRP) Principal Analyst, Water Rights & Contracts will discuss SRP's position on Verde Watershed issues when the Citizens Water Advocacy Group meets on Saturday, July 12 from 10 AM to noon at the Granite Peak Unitarian Universalist Congregation, 882 Sunset in Prescott (two blocks behind True Value).

The water supplies that satisfy the beneficial use property rights of SRP shareholders derive from the Salt and Verde Watersheds, Kornrumph says. "As Yavapai County continues to grow, the water demands to meet that growth will impact the water supplies that have been historically relied upon by [SRP's] shareholders and other senior water right holders. SRP has a long tradition of water rights protection, and is actively engaged throughout the watershed in that effort."

Kornrumph has worked in water rights and water management for over 20 years, with 17 at SRP and five at the Arizona Department of Water Resources. In addition to his water rights responsibilities, he is SRP's liaison to communities and interest groups on the Salt and Verde watersheds. He also develops water-supply plans for SRP power plants and negotiates water exchange agreements. An Arizona native, Kornrumph spent much of his childhood hiking, fishing, and exploring the Salt and Verde rivers.

Guests are welcome! For more info, call 708-1660 or visit [www.cwagaz.org](http://www.cwagaz.org).
